

WATER METER AND MIXER

DOSMIX

COOLING LINE

Description:

Electronic metering unit with microprocessor, wall-mounted.

- Pre-setting of water delivery
- Water temperature display
- Manual setting of water temperature
- External probe for temperature control on the products

TECHNICAL DATA

Dimension cm	cm
Weight kg	kg
Water connection	inc.
By-pass water fitting	mm
Max water entry temperature	C°
Setting range	C°
Temperature precision	C°
Max. water entry pressure	bar
Min. water entry pressure	bar
Max. dosing	lt.
Dosing precision	%
Water delivery at 1 bar and 20°C	l/min
Water delivery at 5 bar and 20°C	l/min
Voltage-frequency	V/Hz
Power	VA
